

# ICS-CERT

INDUSTRIAL CONTROL SYSTEMS CYBER EMERGENCY RESPONSE TEAM

## **Cybersecurity Training for Industrial Control Systems**

The United States Department of Homeland Security Industrial Control Systems Cyber Emergency Response Team (DHS ICS-CERT) Program is pleased to present a Cybersecurity for Industrial Control Systems regional training session at University of Akron campus.

This is world class Industrial Control System cyber security training by DHS, **it is free and local**. The University of Akron is presenting this as part of their effort to provide regional education in ICS cyber security and as part of their new cyber security degree program.

### **NOTE:**

The University of Akron is also creating an ICS lab for students to learn in. If your company would like to donate to the ICS lab, Ellen (see contact information below) would be glad to discuss it with you.

<https://secure.inl.gov/REG0518/> **Registration link and course descriptions**

**Date:** May 21 - 24, 2018

**Cost:** FREE

### **Venue:**

The University of Akron  
School of Law  
[150 University Avenue](#)  
Akron, OH 44325

On behalf of The University of Akron, which is proud to host this opportunity, please let me know if you have questions regarding the venue, or recommendations for convenient lodging if you are planning to stay overnight in the area for this training.

**Ellen J. Perduyn**, Assistant Vice President, Corporate Engagement  
The University of Akron  
200 InfoCision Stadium, Akron, OH 44325-2603
