Kathy Tomco, CPP, Treasurer, Marc Glassman's • 216-265-7700 | David Bly, Secretary • 440-567-4703

Peter Lucic, ASIS Regional VP, G4S • 216-520-3039

Who has time to attend another meeting  
where nothing really happens, where it's talk talk talk;  
a meeting that doesn't deliver real value?

**No one.**

**Not you. Not us.**

As ASIS Officers we design meetings to deliver value to our members and nothing less. We're members, too, and we want that same "value for our time." We shoot for this because *we make time* for something that helps us as Security Professionals in one way or another, now or in the future. We're busy people.

**Doesn't that apply to you?**

*ASIS Cleveland Chapter Meetings deliver...*

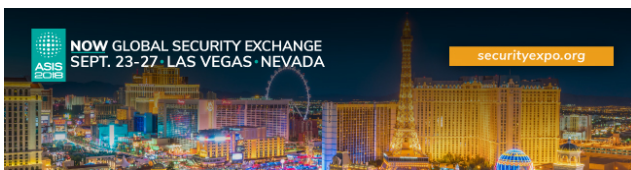

**Opportunities:** Many. *To meet...* someone who could be a valuable contact in the future; ...the person who might hire you next; ...someone who could help you solve a vexing problem; ...someone who could turn into a friend. To learn things you didn't know. Members that you begin to know are resources.

**Information? Go beyond the ordinary:** Anyone can look up security information online, be it right or wrong. You can meet in person with top security pros, specialists. They can give you the inside scoop, perspectives, and nuggets of wisdom you won't find anywhere else, and on diverse subjects. Don't waste time recreating the wheel by yourself. Best Practices can come from these presentations. You'll be ahead.

**Certified?** Get 1 CEU for attending *each local meeting* towards your CPP, PCI, and PSP. 8 for all meetings.

**Just Get Out!** Get out of the office and the never-ending routine, shake out your sails, so to speak, for the very best and highly justifiable reason: continued professional security education so you can do an even more efficient job for your employer. Freedom to pursue education is always worth fighting for.

**Participate and Contribute to Win:** By participating, attending local meetings, and significantly helping the chapter to grow and prosper in various ways, a FREE ACCESS PASS, worth about \$1,095.00, to ASIS Global Security Exchange (Exhibits and Seminars) in Las Vegas could be yours. The Cleveland Officers will award one to one member. Other awards are under discussion. And even if you don't win the big one, you'll win by participating!

(For more on the FREE ACCESS PASS, see **CALENDAR** on the website at [www.ASIS-Cleveland.com](http://www.ASIS-Cleveland.com) )
